### Share on social media

*Even if your following is small, it's the people you are closest with that you are most likely to impact with your story. Sharing with your online community matters!*

1. Upload the video directly to your Facebook, Twitter, Instagram and/or LinkedIn.
2. Use the hashtag: #HealthVoicesforClimateAction
3. Tag any organizations you are affiliated with that you think would re-post or re-share.
4. **Consider multiple tweets or posts:** Most nonprofits (501c3s) are not able to re-post anything that directly encourages voting for one candidate, party, or even single-issue, if the issue is polarizing along partisan lines. Acting as an individual however, you are not bound by these restrictions.
